

RUSSIAN NATIONAL CONGRESS OF CARDIOLOGY

**Cardiology 2017 – professional education, science and
innovations**

SCIENTIFIC PROGRAMME

October 24-27, 2017

Saint-Petersburg

24.10.17

Plenary Hall

09.00–10.30

Plenary Session

Acute cardiac care 2017

(Joint session with the Russian Society of Acute Cardiology)

On-line broadcasting / Simultaneous translation

Chairpersons: Ruda M.Ya. (Moscow)

Averkov O.V. (Moscow). Myocardial infarction – 2017.

Tereschenko S.N. (Moscow). Acute heart failure – 2017.

Golitsyn S.P. (Moscow). Arrhythmia – 2017.

Yavelov I.S. (Moscow). Pulmonary embolism – 2017.

24.10.17

Conference Hall №1 (E8-E9)

09.00–10.30

Symposium

Innovations in Cardiovascular risk reduction

(supported by Boehringer Ingelheim)

Chairperson: Shlyakhto E.V. (Saint-Petersburg)

Shlyakhto E.V. (Saint-Petersburg). Prevention of cardiometabolic stroke in the Russian clinical practice: GLORIA – AF data.

Baranova E.I. (Saint-Petersburg). Patient with AF and ACS. New options - the results of RE-DUAL PCI study.

Yanishevsky S.N. (Saint-Petersburg). Patient with AF and comorbidity: from innovation to clinical decision making.

Kobalava Zh.D. (Moscow). Focus on the cardioprotective benefits of treatment of patients with T2DM.

24.10.17

Conference Hall №2 (E7)

09.00–10.30

Symposium

Atherosclerosis and rheumatoid arthritis: inflammation or dyslipidemia - what`s more important?

Chairpersons: Nasonov E.L. (Moscow), Karpov Y.A. (Moscow)

Nasonov E.L. (Moscow), Popkova T.V. (Moscow). Role of inflammation in cardiovascular pathology in rheumatic diseases.

Karpov Y.A. (Moscow). Role of dyslipidemia in cardiovascular pathology in rheumatic diseases.

Popkova T.V. (Moscow), Novikova D.S. (Moscow), Udachkina E.V. (Moscow). Cardiovascular risk reduction in patients with rheumatic diseases.

Fomicheva O.A. (Moscow), Krugly L.B. (Moscow), Karpov Y.A. (Moscow), Gerasimova E.V. (Moscow). Coronary artery disease in patients with rheumatoid arthritis: diagnosis and treatment options.

Sineglazova A.V. (Chelyabinsk). Arterial hypertension in patients with rheumatoid arthritis: pathogenesis and therapy.

Krugly L.B. (Moscow), Fomicheva O.A. (Moscow), Ansheles A.A. (Moscow), Karpov Y.A. (Moscow), Sergienko V.B. (Moscow). Inflammatory and immunological parameters and atherosclerosis progression in various vascular pools in patients with rheumatoid arthritis.

24.10.17

Conference Hall №3 (D1)

09.00–10.30

Symposium

International epidemiological programmes in Siberia, the region of high cardiovascular risk, and their significance for practical healthcare

Chairpersons: Voevoda M.I. (Novosibirsk), Malyutina S.K. (Novosibirsk), Gafarov V.V. (Novosibirsk)

Voevoda M.I. (Novosibirsk), Maksimov V.N. (Novosibirsk). WHO programmes: MONICA, HAPIEE – molecular epidemiology of cardiovascular diseases - results and prospects of genetic passports.

Malyutina S.K. (Novosibirsk). WHO programmes: MONICA, HAPIEE – long-term dynamics of cardiovascular health and guidelines for preventive medicine.

Gafarov V.V. (Novosibirsk). WHO programmes: MONICA, HAPIEE – long-term dynamics of psycho-social health and cardiovascular risk – from epidemiology to population-based prevention.

Denisova D.V. (Novosibirsk). Thirty-year trends (1985-2016) of cardiovascular risk factors in the young Siberian population: unprecedented dynamics and significance for prognosis.

Akimova E.V. (Tyumen region), Gakova E.I. (Tyumen region), Kayumova M.M. (Tyumen region), Gafarov V.V. (Novosibirsk), Kuznetsov V.A. (Tyumen region). From childhood to middle age: long-term dynamics of behavioral, psycho-social risk factors of cardiovascular diseases, prognosis and approaches to population-based preventive strategies.

Osipova I.V. (Barnaul), Repkina T.V. (Barnaul), Pyrikova N.V. (Barnaul), Dekhar V.V. (Barnaul), Borisova L.V. (Barnaul). Long-term epidemiologic studies of cardiovascular risk factors in different population groups of the Altai Territory as the basis for developing effective preventive programmes.

24.10.17

Conference Hall №4 (D2)

09.00-10.30

Symposium

Dilated cardiomyopathy: surgery

Chairpersons: Dzemeshevich S.L. (Moscow)

Dzemeshevich S.L. (Moscow), Frolova Y. (Moscow), Motreva A. (Astrakhan). Three decades with a transplanted heart.

Pya Y.V. (Kazakhstan). Artificial left ventricle for a long-term use – Heart Mate-3.

Lebedeva V.K. (Saint-Petersburg). Resynchronization therapy in DCM.

Malikova M.S. (Moscow), Frolova Y.V. (Moscow), Babaev M.A. (Moscow), Tarasov D.G. (Astrakhan). Organ-preserving reconstruction of the heart in DCM.

Shipulin V.M. (Tomsk), Bobokin V.E. (Tomsk). Surgical treatment of complicated aneurysms of the left ventricle.

24.10.17

Conference Hall №5 (D3)

09.00–10.30

Symposium

A tale of the lost time

(supported by Teva)

Chairperson: Koziolova N.A. (Perm)

Koziolova N.A. (Perm). Optimal drug therapy - a modern strategy of life prolongation in patients with IHD.

Obrezan A.G. (Saint-Petersburg). Long-term therapy as the basis of life prolongation in cardiovascular patients.

24.10.17

Conference Hall №6 (D4)

09.00–10.30

Symposium

Amyloidosis with the heart involvement: time to write guidelines for cardiologists

Chairpersons: Rameev V.V. (Moscow), Moiseeva O.M. (Moscow)

Rameev V.V. (Moscow). The draft of the first Russian guidelines diagnosis and treatment of cardiac amyloidosis.

Mershina E.A. (Moscow), Sinitsyn V.E. (Moscow). MRI of the heart in differential diagnosis of infiltrative diseases and myocardial storage diseases.

Gudkova A.Ya. (Saint-Petersburg), Semernin E.N. (Saint-Petersburg), Krutikov A.N. (Saint-Petersburg), Kostareva A.A. (Saint-Petersburg), Moiseeva O.M. (Moscow), Ryzkova D.V. (Moscow), Shavlovsky M.M. (Moscow). Amyloid cardiomyopathies: “difficult and easy” diagnoses. Clinical observations.

Blagova O.V. (Moscow), Nedostup A.V. (Moscow), Sedov V.P. (Moscow), Gagarina N.V. (Moscow), Pasha S.P. (Moscow), Kogan E.A. (Moscow). Clinical masks of amyloidosis with the heart involvement: current diagnostics.

24.10.17

Conference Hall №7 (B1)

09.00–10.30

Symposium

Development of information and educational environment in professional training of cardiologists.

Chairpersons: Shlyk S.V. (Rostov-on-Don), Sozinov A.S. (Kazan)

Shlyk S.V. (Rostov-on-Don). Development prospects and new formats of additional professional training for cardiologists.

Sozinov A.S. (Kazan). ???

Nedogoda S.V. (Volgograd). ???

Kontsevaya A.V. (Moscow). Professional societies in the system of continuous medical education: RSC experience.

24.10.17

Conference Hall №8 (B2)

09.00–10.30

Symposium

Genetic aspects of cardiovascular diseases

Chairpersons: Niculina S.Yu. (Krasnoyarsk), Barbarash O.L. (Kemerovo), Zateichikov D.A. (Moscow)

Niculina S.Yu. (Krasnoyarsk), Chernova A.A. (Krasnoyarsk), Kuskaeva A.V. (Krasnoyarsk), Shturenkova Yu.V. (Krasnoyarsk), Zotina E.A. (Krasnoyarsk). Genes of the renin-angiotensin-aldosterone system in the atrial fibrillation genesis.

Aksutina N. (Krasnoyarsk), Poplavskaya E. (Krasnoyarsk), Krasulya I. (Krasnoyarsk). rs2200733 polymorphism as a predictor of atrial fibrillation in patients without cardiovascular pathology.

Nikulina S.Yu. (Krasnoyarsk), Chernova A.A. (Krasnoyarsk). New genetic predictors of sick sinus syndrome.

Barbarash O.L. (Kemerovo), Kashtalap V.V. (Kemerovo). Genetic markers of myocardial fibrosis in patients with CAD.

Lifshits G.I. (Novosibirsk), Nicolaev K.Yu. (Novosibirsk), Zelenskaya E.M. (Novosibirsk), Tronin A. V.(Novosibirsk). ACS outcomes in relation to coronary bed lesion severity and the patients' genetics.

24.10.17

Conference Hall №9 (B6-B8)

09.00–10.30

Presentations by winners of Young Scientists Award

Chairperson: Duplyakov D.V. (Samara)

24.10.17

Conference Hall №10 (A1-A3)

09.00–10.30

Russian-Czech Symposium

Hypertrophic cardiomyopathy: 2014 ESC guidelines afterword

Simultaneous translation

Chairpersons: Kostareva A.A. (Saint-Petersburg), Gordeev M.L. (Saint-Petersburg), Veselka J. (Czech Republic)

Komissarova S.M. (Belarus). Clinical manifestations of hypertrophic cardiomyopathy in patients with different sarcomere gene mutations.

Kostareva A.A. (Saint-Petersburg). Prevention of sudden death in cardiomyopathies: bridging the knowledge gaps.

Gordeev M.L. (Saint-Petersburg). Septal myectomy: new approaches to hypertrophic cardiomyopathy surgery.

Veselka J. (Czech Republic). Long-term clinical outcome of alcohol septal ablation for obstructive hypertrophic cardiomyopathy: results from the Euro-ASA registry.

24.10.17

Conference Hall №11 (A4-A5)

09.00–10.30

Symposium

Cardiotoxicity. Prognosis and early detection

Chairpersons: Matskeplishvili S.T. (Moscow), Tereshina O.V. (Samara)

Matskeplishvili S.T. (Moscow). Cardiotoxicity of anticancer chemotherapy: prevention and treatment.

Tereshina O.V. (Samara). Evaluation of cardiotoxic effect of chemotherapy on the heart. Stress-echocardiography to assess contractile reserve.

Medvedeva E.A. (Saint-Petersburg). Biomarkers in the diagnosis of cardiotoxicity.

24.10.17

Plenary Hall

11.00–12.30

Symposium

**Synergism that prolongs life of a cardiovascular patient. Investigation of the year.
(supported by KRKA)**

Chairperson: Shlyakhto E.V. (Saint-Petersburg)

Shlyakhto E.V. (Saint-Petersburg). Classic detective story: what is common in the histories of our patients.

Kobalava Zh.D. (Moscow). Arterial hypertension: a quiet killer. Find and neutralize.

Susekov A.V. (Moscow). Atherosclerosis: a cunning pirate of hearts. Give no chance.

Drapkina O.M. (Moscow). Synergism: lifesaving impervious protection.

Mareev V.Yu. (Moscow). To save what is achieve; life prolongation of every patient is in our hands.

24.10.17

Conference Hall №1 (E8-E9)

11.00–12.30

Symposium

Unity of the three in AH treatment

(supported by Servier)

Chairperson: Karpov Yu.A. (Moscow)

Karpov Yu.A. (Moscow). Arterial hypertension nowadays: epidemiology and current approaches to treatment. Place of the triple therapy.

Kobalava Z.D. (Moscow). Triple combination: our new horizons.

Nedogoda S.V. (Volgograd). The potential of Triplixam in the clinical practice.

24.10.17

Conference Hall №2 (E7)

11.00–12.30

Symposium

How to protect a patient's future here and now?

(supported by Berlin-Chemie)

Chairpersons: Ageev F.T. (Moscow), Ostroumova O.D. (Moscow)

Moderator: Chukaeva I.I. (Moscow)

Ostroumova O.D. (Moscow). What do the guidelines say? To whom, when and how much?

Nebieridze D.V. (Moscow). Choosing an antihypertensive drug - are they all the same?

Ageev F.T. (Moscow). A fixed combination as an effective tool of a modern doctor.

24.10.17

Conference Hall №3 (D1)

11.00–12.30

Symposium

Consistency of therapy at all stages of ACS patient management

(supported by AstraZeneca)

Chairperson: Vasilieva E.Yu. (Moscow)

Lebedeva A.Yu. (Moscow). Organization of medical care in ACS in the first 24 hours after the event: best practices.

Yakovlev A.N. (Saint-Petersburg). Double antiplatelet therapy for the first 12 months after ACS.

Boldueva S.A. (Saint-Petersburg). A patient with a high ischemic risk after MI: who needs DAT for more than 12 months?

24.10.17

Conference Hall №4 (D2)

11.00–12.30

Symposium

Space Cardiology Odyssey of the 21st century

(supported by Dr. Reddy's)

Chairperson: Ageev F.T. (Moscow)

Ageev F.T. (Moscow). From molecule pharmacology to cardiovascular risk management.

Kobalava Z.D. (Moscow). Vascular age management: what is new?

Napalkov D.A. (Moscow). Real life, real patient.

24.10.17

Conference Hall №5 (D3)

11.00–12.30

Symposium

Myocardial infarction 2017

(supported by Sanofi)

Chairperson: Ruda M.Ya. (Moscow)

Barbarash O.L. (Kemerovo). Non-STEMI management.

Yavelov I.S. (Moscow). MI in patients with no coronary artery obstructive lesions.

Averkov I.S. (Moscow). STEMI management.

24.10.17

Conference Hall №6 (D4)

11.00–12.30

Symposium

Current options in prevention of cardiovascular events

(supported by Pfizer)

On-line broadcasting

Chairpersons: Mareev V.Yu. (Moscow), Karpenko M.A. (Saint-Petersburg)

Karpenko M.A. (Saint-Petersburg). Anticoagulation therapy in AF patients with different risks of stroke and bleeding.

Mareev V.Yu. (Moscow). Clinical guidelines and clinical practice or «life is richer than textbooks”.

Kobalava Zh.D. (Moscow). Expanding horizons: anticoagulants in AF patients in the clinical practice.

Mareev V.Yu. (Moscow). Smoking as the most modifiable risk factor of MI and stroke. Ways to solve the problem.

24.10.17

Conference Hall №7 (B1)

11.00–12.30

Symposium

Sartans: is there a difference? The perspective of a cardiologist, a neurologist and a clinical pharmacologist

(supported by Teva)

Chairperson: Glezer M.G. (Moscow)

Glezer M.G. (Moscow). The agony of choosing.

Zyryanov S.K. (Moscow). From clinical pharmacology to clinical outcome.

Zyryanov S.K. (Moscow). Is BP lowering equal to brain protection?

24.10.17

Conference Hall №8 (B2)

11.00–12.30

Symposium

Cytoprotectors and cardiovascular disease: options and prospects.

(supported by Grindex)

Chairperson: Mikhin V.P. (Kursk)

Mikhin V.P. (Kursk). Cytoprotectors in acute and chronic coronary diseases.

Shishkova V.N. (Moscow). Cerebro-vascular disorders in cardiovascular patients.

24.10.17

Conference Hall №9 (B6-B8)

11.00–12.30

Symposium

Dyspnea in patients with cardiorespiratory comorbidity: differential diagnosis and treatment

Chairpersons: Lopatin Yu.M. (Volgograd), Zykov K.A. (Moscow)

Lopatin Yu.M. (Volgograd). Dyspnea = heart failure?

Zykov K.A. (Moscow). Dyspnea = respiratory problem?

Ratova L.G. (Saint-Petersburg). A patient with dyspnea. What shall we do?

24.10.17

Conference Hall №10 (A1-A3)

11.00–12.30

Symposium

Current imaging technologies and systolic heart failure

Chairpersons: Boschenko A.A. (Tomsk), Ryzhkova D.V. (Saint-Petersburg), Popov S.V. (Tomsk)

Boshchenko A.A. (Tomsk), Pavlyukova E.N. (Tomsk), Sokolov A.A. (Tomsk), Ryabova T.R. (Tomsk), Vrublevsky A.V. (Tomsk). Ultrasound technologies and systolic heart failure: known advances and new potential.

Shelkovnikova T.A. (Tomsk), Mochula O.V. (Tomsk), Belokopytova N.V. (Tomsk). Magnetic resonance imaging in heart failure: much information without radiation exposure.

Ryzhkova D.V. (Saint-Petersburg). PET imaging in heart failure: state-of-the art and future prospects.

Zavadovsky K.V. (Tomsk), Saushkina Y.V. (Tomsk), Saushkin V.V. (Tomsk), Krivonogov N.G. (Tomsk), Lishmanov Y.B. (Tomsk). Radionuclide imaging: options and limitations in examination of patients with HF.

Ryabov V.V. (Tomsk), Batalov R.E. (Tomsk), Rogovskaya Yu.V. (Tomsk), Ryabova T.R. (Tomsk), Rebenkova M.S. (Tomsk), Kruchinkina E.V. (Tomsk). Endomyocardial biopsy: visualization of systolic cardiac dysfunction etiology.

24.10.17

Conference Hall №11 (A4-A5)

11.00–12.30

Symposium

Diseases of primarily genetic origin: from phenomenon to the routine practice

Chairpersons: Zateyshchikov D.A. (Moscow), Kostareva A.A. (Saint-Petersburg), Zakliazminskaya E.V. (Moscow)

Chumakova O.S., Isaeva M.Yu., Nikitin A.G., Speshilov G.I., Zateyshchikov D.A. Sudden cardiac death risk reduction in professional sports: the results of the first genetic study in Russia.

Zateyshchikov D.A. (Moscow). Cardiac disease of primarily genetic origin: screening in a cardiac hospital.

Kostareva A.A. (Saint-Petersburg). New mutations in filamin C gene (FLNC) as a cause of restrictive cardiomyopathy.

Malashicheva A.B. (Saint-Petersburg). Genetic and molecular mechanisms of Notch1 pathway dysfunction in patients with bicuspid aortic valve and aortic aneurysm.

Zakliazminskaya E.V. (Moscow). Will a geneticist help to avoid molecular autopsy?

24.10.17

Plenary Hall

13.00–14.30

Plenary session

Unsolved issues in arrhythmology

On-line broadcasting / Simultaneous translation

Chairpersons: Revishvili A.Sh. (Moscow), Popov S.V. (Tomsk), Chudzik M. (Poland)

Chudzik M. (Poland). Why and how should we diagnose atrial fibrillation?

Golitsyn S.P. (Moscow). Antiarrhythmic therapy in acute death prevention: from past hopes to current options.

Pinto F. (Portugal). The new era of anticoagulation in atrial fibrillation: what do the ESC guidelines say?

Revishvili A.Sh. (Moscow). Catheter ablation in atrial fibrillation: pros and cons.

24.10.17

Conference Hall №1 (E8-E9)

13.00–14.30

Symposium

Highlights of CAD and CHF in 2017: from registries, clinical studies and guidelines to new system of CHF care

(supported by Servier)

Chairpersons: Tereschenko S.N. (Moscow), Shalnova S.A. (Moscow)

Shalnova S.A. (Moscow). The biggest CAD registry CLARIFY: what have we learned?

Ageev F.T. (Moscow). **Stable** angina treatment: clinical benefits of Ivabradine and Trimetazidine.

Tereschenko S.N. (Moscow). The biggest CHF registry QUALIFY and the new system of CHF care.

Zhirov I.V. (Moscow). Chronic heart failure: do new guidelines meet possibilities of clinical practice?

24.10.17

Conference Hall №2 (E7)

13.00–14.30

Symposium

Methodology of new oral anticoagulants selection for patients with atrial fibrillation.

(supported by Bayer)

Chairperson: Shlyakhto E.V. (Saint-Petersburg)

Arutyunov G.P. (Moscow). How does a Russian patient with atrial fibrillation differ from patients enrolled in randomized clinical trials? How to interpret clinical trials data in the clinical practice?

Lopatin Yu.M. (Volgograd). A patient with atrial fibrillation and diabetes: what to pay attention to when selecting anticoagulation therapy?

Gilyarov M.Yu. (Moscow). Management of patients with atrial fibrillation and chronic kidney disease.

Take home message.

24.10.17

Conference Hall №3 (D1)

13.00–14.30

Symposium

The latest trends in treatment of AH patients: ambitious goals and new options in the clinical practice (supported by Takeda)

Chairperson: Kobalava Z.D. (Moscow)

Karpov Yu.A. (Moscow). How will target BP be changing after the latest trials?

Kobalava Z.D. (Moscow). Standards vs ACE in target AH patients therapy: what is the basis of selection?

Nedogoda S.V. (Volgograd). 24-hour BP control as the most important factor of prognosis improvement in in AH patients: fixed Edarbi Clo combinations.

24.10.17

Conference Hall №4 (D2)

13.00–14.30

Symposium

Atrial fibrillation and anticoagulant therapy in various clinical situations

(supported by Boehringer Ingelheim)

Chairperson: Tkacheva O.N. (Moscow)

Novikova N.A. (Moscow). Antithrombotic therapy in patients with atrial fibrillation and acute coronary syndrome.

Vinogradov O.I. (Moscow). Anticoagulant therapy in patients after cardioembolic stroke.

Tkacheva O.N. (Moscow). Anticoagulant therapy in elderly patients.

Zotova I.V. (Moscow). A patient with atrial fibrillation and comorbidities: choosing a safe anticoagulant.

24.10.17

Conference Hall №5 (D3)

13.00–14.30

Symposium

Myths and reality. Risk of cardiovascular complications in a comorbid patient

(supported by Egis)

Chairperson: Martsevich S.Yu. (Moscow)

Averin E.E. (Moscow). Myths and reality: a review of the world experience in AH treatment.

Martsevich S.Yu. (Moscow). New options in correcting cardiovascular complications risk.

Kurasov E.S. (Moscow). Anxiety-depressive disorders and arterial hypertension: a myth or reality.

24.10.17

Conference Hall №6 (D4)

13.00–14.30

Symposium

Safety, efficacy and simplicity of therapy – three whales, on which a polymorbid patient treatment is based

(supported by Teva)

Chairperson: Koziolova N.A. (Perm)

Chestnikova A.I. (Rostov-on-Don). Polymorbidity and polypharmacy - two sides of the same coin.

Koziolova N.A. (Perm). Drugs interaction: perspective of a patient and a doctor.

Tarlovskaya E.I. (N. Novgorod). How to increase adherence to therapy in a cardiac patient.

24.10.17

Conference Hall №7 (B1)

13.00–14.30

Symposium

Hypertrophic cardiomyopathy: the concept evolution

Chairpersons: Krylova N.S. (Moscow), Yakushin S.S. (Moscow)

Dzemeshevich S.L. (Moscow). The morphology and function of the heart in HCM. Hypothesis and reality.

Krylova N.S. (Moscow). Clinical portrait of a patient with HCM in different ages.

Zaklyazminskaya E. (Moscow). HCM genetics: from academic interest to diagnostic practice.

Gordeev M. (Moscow). Current surgical aspects in HCM.

24.10.17

Conference Hall №8 (B2)

13.00–14.30

Symposium

CV risk reduction as the most important factor of life expectancy increase

(supported by Pfizer)

Recording

Chairpersons: Konradi A.O. (Saint-Petersburg), Ostroumova O.D. (Moscow)

Konradi A.O. (Saint-Petersburg). AH and dyslipidemia as two strategic targets of primary and secondary cardiovascular prevention.

Ostroumova O.D. (Moscow). Effective BP reduction - not the final goal but one of the ways to improve prognosis.

Sergienko I.V. (Moscow). The efficacy and safety of statin therapy: no compromise.

24.10.17

Conference Hall №9 (B6-B8)

13.00–14.30

Symposium

Imaging in cardiology: ultrasound and tomography.

Chairpersons: Duplyakov D.V. (Samara), Zheleznyak I.S. (Saint-Petersburg), Nikiforov V.S. (Saint-Petersburg)

Rumshina N.I., Pekarskaya S.E., Mordvin V.F., Lukyanenok P.I., Usov V.Yu. (Tomsk). MRI of kidney cysts in AH patients. Renal denervation effectiveness, two-year follow-up.

Veselova T.N., Barysheva R.A., Merkulova I.N., Mironov V.M., Ternovoi S.K. (Moscow). Multislice spiral CT scan in ACS.

Tereshina O.V., Ryabova E.N., Usenko E.V. (Samara). Global longitudinal peak strain assessment during dobutamine stress echocardiography to evaluate myocardial viability.

Khadzhieva D.R., Kulagina N.Yu., Sandrikov V.A., Ivanov V.A., Van E.Yu., Petrova Yu.N. (Moscow). Left ventricular and left atrial biomechanics in patients with mitral valve insufficiency.

Rustamova Ya.K. (Azerbaijan), Aziziv V.A. (Azerbaijan), Maksimkin D.A. (Moscow), Faibushevich A.G. (Moscow). MRI as compared to dobutamine stress echocardiography in hibernating myocardium assessment: two-centre randomized study.

Skripnik A.Yu., Mironchuk R.R., Fokin V.A., Trufanov G.E., Moiseeva O.M., Irtyuga O.B., Malev E.G., Murtazaliev P.M. (Saint-Petersburg). CT angiography in aortic valve assessment in patients with aortic stenosis.

24.10.17

Conference Hall №10 (A1-A3)

13.00–14.30

Symposium

Place of obesity in the cardiovascular continuum of the 21st century: the sword of Damocles or a two-faced Janus

Chairpersons: Drapkina O. (Moscow), Kuznetdova T. (Petrozavodsk), Chumakova G. (Barnaul)

Drapkina O. (Moscow). New cardiovascular risk factors associated with obesity

Kuznetdova T. (Petrozavodsk), Druzhilov M. (Petrozavodsk). From paradoxes to a paradigm or the evolution of ideas about the relationship between obesity and cardiovascular disease

Chumakova G. (Barnaul). Metabolically healthy obesity: myth or reality

24.10.17

Conference Hall №11 (A4-A5)

13.00–14.30

Symposium

Compendium ↔ practicum: arterial hypertension

Chairpersons: Galyavich A.S. (Kazan)

Galyavich A.S. (Kazan). Compendium↔ Practicum: etiopathogenesis.

Kamalov G.M. (Kazan). Compendium↔ Practicum: clinic, diagnostics.

Galeeva Z.M. (Kazan). Compendium↔ Practicum: treatment.

Baleyeva L.V. (Kazan). Compendium↔ Practicum: treatment.

Galyavich A.S. (Kazan). Compendium↔ Practicum: pick-up.
