

SUNDAY 24 MAY 2015 - POSTER SESSION

Biomarkers

- The value of the neutrophil-to-lymphocyte ratio in heart failure** P980
C. Delcea, C.A. Buzea, A. Dima, I. Daha, C. Baicus, G.A. Dan (Bucharest, RO)
- Plasma erythropoietin levels and its relationship with anti-apoptotic enzymes in hypertension and heart failure** P981
L.F. De Menezes Falcao, A. Pereira Da Silva, A. Matos, T. Sequeira, J. Ferreira, A. Gil, J. Braz Nogueira, M. Mascarenhas, E. Almeida, M. Bicho (Lisbon and Lisboa, PT)
- Galectin-3, oxidative stress and endotoxemia in patients with chronic heart failure** P982
E.A. Medvedeva, Y.V. Shchukin, E.A. Surkova (Samara, RU)
- Clinical correlates of Galectin-3, ST2 and NT-proBNP: head-to-head comparison.** P983
V. Paradies, M. Iacoviello, M. Leone, G. Citarelli, C. Rizzo, R. Valle, N. Aspromonte, P. Caldarola, L. Gesualdo, F. Di Serio (Bari, Chioggia and Rome, IT)
- Circulating levels of uric acid may predict poor prognosis of chronic heart failure in patients older than 80 years of age without advanced renal insufficiency** P984
Y. Mitsuke, H. Tsutani, C. Kiriba, A. Kuwata, R. Nakaya (Fukui, JP)
- Low serum albumin... another prognostic marker?** P985
C. Arantes, C. Quina, G. Abreu, J. Martins, C.G. Braga, C. Vieira, P. Azevedo, M.A. Pereira, S. Rocha, J. Marques (Braga, PT)
- Cardiac biomarkers predict one year mortality beyond concurrent comorbidity in elderly patients undergoing hip fracture surgery** P986
S. Katsanos, N. Kafkas, C. Sardu, V. Kamperidis, A. Mavrogenis, P. Katsanou, J. Parissis, D. Farmakis, J. Lekakis, G. Filippatos (ATHENS, Athens and Agrinio, GR; Naples, IT; Leiden, NL)
- Effect of plasma renin activity on prognosis of patients receiving renin-angiotensin system inhibitors** P987
S. Okamoto, H. Iwaski (Tsu, Mie, JP)
- Soluble CD40 ligand predicts incident heart failure in patients with preserved left ventricular function after myocardial infarction** P988
M.A. Radovanovic, N. Radovanovic, Z. Vasiljevic, P. Mitrovic, B. Stefanovic, M. Prodanovic, R. Lasica, M. Pejic (Belgrade, RS)
- Hyponatremia and outcomes in Tunisian patients admitted for acute heart failure** P989
M.A. Azaiez, A. Elhrayech, M. Chakroun, S. Hamdi, W. Jomaa, K. Ben Hamda, F. Maatouk (Monastir, TN)
- Galectin provides additional prognosis information when compared to BNP and NT proBNP in ambulatory patients with heart failure.** P990
N. Kuster, C. Curinier, J.P. Cristol, A.M. Dupuy, R. Gervasoni, B. Lattuca, J.M. Davy, F. Leclercq, J.L. Pasquie, F. Roubille (Montpellier, FR)
- Prognostic value of hepatic biomarkers in patients who underwent cardiac resynchronization therapy** P991
A.C. Andreoli Chiara, C.E. Carluccio Erberto, B.P. Biagioli Paolo, B.M. Bentivoglio Maurizio, A.G. Alunni Gianfranco, M.A. Murrone Adriano, A.G. Ambrosio Giuseppe (Foligno and Perugia, IT)
- Comparison of serial monitoring of multiple biomarkers in patients with acutely decompensated heart failure** P992
R. Zhang, Y. Zhang, T. An, Y. Huang, Q. Zhou, J. Zhang (Beijing, CN)
