

EACCME

European Accreditation Council for Continuing Medical Education

Certificate

Aortic stenosis evaluation of common to challenging cases

22/06/2017

has been accredited by the European Accreditation Council for Continuing Medical Education (EACCME) to provide the following CME activity for medical specialists.

Aortic stenosis evaluation of common to challenging cases

is designated for a maximum of, or up to 1 European CME credits (ECMEC).

Mrs Olesia RUBANENKO

Professor Paulus Kirchhof
Webinar Course Director

Each medical specialist should claim only those credits that he/she actually spent in the educational activity.

The EACCME is an institution of the European Union of Medical Specialists (UEMS), www.uems.net.

Through an agreement between the European Union of Medical Specialists and the American Medical Association, physicians may convert EACCME credits to an equivalent number of AMA PRA Category 1 Credits™. Information on the process to convert EACCME credit to AMA credit can be found at www.ama-assn.org/go/internationalcme.

Live educational activities, occurring outside of Canada, recognized by the UEMS-EACCME for ECMEC credits are deemed to be Accredited Group Learning Activities (Section 1) as defined by the Maintenance of Certification Program of The Royal College of Physicians and Surgeons of Canada.

To reduce the burden of cardiovascular disease in Europe
