## DEAR COLLEAGUES!

On September 24-26, 2014 in Kazan, the Russian National Congress of Cardiology will be held. This will be an important step in solving urgent problems of modern medicine aimed at further reducing of cardiovascular morbidity and mortality in the Russian Federation.

The largest specialized scientific and clinical forum, where the annual participation is more than 5,000 professionals, will do everything possible for modernization of health care promoting new methods of prevention, diagnosis and treatment of cardiovascular diseases.

The Congress has every reason to be the significant event in science and medical community as it has an interdisciplinary basis to discuss current approaches to diagnosis and treatment of cardiovascular diseases. It is the integration of knowledge based on fundamental science achievements that will allow our health care system quickly move forward and reach the most advanced position of translational and personalized medicine.

The topical character of the Congress is determined not only by the high incidence and social significance of cardiovascular diseases but also by the new perspectives of health care modernization in our country. Scientific and technical progress, rapid development of biomedical sciences, an active transfer of the basic research findings to the clinic, development of molecular medicine, new imaging technologies, the range and complexity of surgical and endovascular interventions on heart and blood vessels, including the use of robotics, widen the possibilities of medical care.

I am convinced that the Congress will open up new prospects for improving health care system through innovative medical technologies, and will be a step forward to the development of national cardiology.

I invite you to actively participate in the Congress and I wish you every success!

# WELCOME GREETING

BY PRESIDENT OF THE TATARSTAN REPUBLIC R.N.MINNIKHANOV  
TO THE DELEGATES OF THE RUSSIAN NATIONAL CONGRESS OF CARDIOLOGY

## DEAR FRIENDS!

I cordially welcome the participants of such a significant and respectable medical forum in the hospitable land of Tatarstan.

It is for a good reason that the capital of our Republic, Kazan, was chosen to be its venue. In the course of centuries, historically unique traditions in the field of medical science and education have been developing here. In this city, one of the most famous and best academic cardiology schools in the country has been created.

The Congress topics are extremely important both for Tatarstan and for the Russian Federation in the whole. Reduction of cardiovascular mortality and morbidity, improving accessibility and quality of medical care are among our strategic national goals, which are to be solved at the highest professional level.

Providing for physical and mental health of the people, improvement of their life quality are the main priorities in the joint efforts by the state authorities and the medical community. I am convinced that the Russian National Congress of Cardiology will assist in developing medical science and clinical practice, as well as become an additional incentive in reducing the burden of cardiovascular disease.

With all my heart I wish to the delegates of the Congress the most successful work, interesting discussions, exchange of experience and unforgettable impressions of the ancient city of Kazan.

President  
of the Republic of Tatarstan

# DEAR COLLEAGUES!

On behalf of the Russian Society of Cardiology Board I invite you to actively participate in the work of the Russian National Congress of Cardiology, the largest annual all-Russian professional medical forum, which will take place in Kazan on September 24–26, 2014.

According to the latest legislative initiatives of the President of Russian Federation and the state programme of healthcare development, fundamental medico-biological research meeting the needs of healthcare agencies in new effective treatment and diagnostic technologies and drugs, as well as focused training of specialists aimed at developing breakthrough technologies and their active introduction into clinical practice are most important for the Society that has been fighting for healthy hearts of the Russian people for five decades.

The Congress scientific programme will include the most prominent modern achievements in prevention, diagnostics and treatment of cardiovascular diseases. Interdisciplinary approach to the problems discussed is of exceptional value as it fully represents the current trend to integrate knowledge in medical science. No less important is a strong educational component of plenary sessions, symposia, clinical discussions, scientific seminars, round tables, and master classes.

It is not by chance that the Congress will be held in Kazan where its famous scientific and clinical school contributed a lot into reduction of cardiovascular morbidity and mortality in Russia. The capital of the Republic of Tatarstan will warmly welcome the Congress participants. The guests will get to know the thousand years of the Tartar history and outstanding cultural values of one of the most beautiful Russian cities.

I strongly believe that thanks to your active and interested participation, the Russian National Congress of Cardiology 2014 will be a huge success and become a significant social event that will offer new prospects to the Russian healthcare for the welfare of our citizens.

I wish you successful and fruitful work!

President of the Russian Society of Cardiology

## PRE-CONGRESS SESSIONS

### ● HALL

#### DOSTOEVSKY

14.00–15.40

#### SYMPOSIUM “TOPICAL ISSUES OF INTERVENTIONAL CARDIOLOGY” (SUPPORTED BY SANOFI)

Chairpersons: Samko A.N. (Moscow), Staroverov I.I. (Moscow), Pershukov I.V. (Moscow)

- **Samko A.N. (Moscow)**. New approaches in interventional cardiology.
- **Pershukov I.V. (Moscow)**. Current international regulations on myocardial revascularization and clinical practice.
- **Staroverov I.I. (Moscow)**. Clinical case analysis.

### ● HALL

#### TCHAIKOVSKY 1

14.00–15.40

#### SYMPOSIUM “THERAPY STANDARDS IN CASE OF HIGH CARDIOVASCULAR RISK” (SUPPORTED BY VERTEX)

Chairpersons: Sitnikova M.Yu. (Saint-Petersburg), Nedoshivin A.O. (Saint-Petersburg), Ostroumova O.D. (Moscow)

- **Nedoshivin A.O. (Saint-Petersburg)**. European guidelines on stable angina.
- **Ostroumova O.D. (Moscow)**. The brain as a target organ in cardiovascular diseases.
- **Sitnikova M.Yu. (Saint-Petersburg)**. Chronic heart failure 2014: focus on early stages.

## ● HALL

### **TCHAIKOVSKY 2**

14.00–15.40

#### **ECHOCARDIOGRAPHY EDUCATIONAL SESSION “SYSTOLIC AND DIASTOLIC FUNCTION ASSESSMENT”**

Chairpersons: Sedov V.P (Moscow), Saidova M.A. (Moscow)

- **Vasyuk Yu.A. (Moscow).** Systolic function assessment.
- **Khadzegova A.B. (Moscow).** Diastolic function assessment.
- **Khadzegova A.B. (Moscow), Shkolnik E.L. (Moscow).** Practical training on systolic and diastolic function assessment.

## ● HALL

### **SHOSTAKOVICH 1**

14.00–15.40

#### **SYMPOSIUM “ATHEROSCLEROSIS AND OSTEOPOROSIS: ANY AREAS OF CONTACT?”**

Chairpersons: Ageev F.T. (Moscow), Nebieridze D.V. (Moscow), Skripnikova I.A. (Moscow).

- **Ageev F.T. (Moscow), Barinova I.V. (Moscow), Svirida O.A. (Moscow).** Abnormalities of bone mineral density and arterial stiffness: is there a link?
- **Nebieridze D.V. (Moscow).** Is it possible to prevent the development of osteoporosis by cardiac agents?
- **Skripnikova I.A. (Moscow).** Association between antihypertensive therapy and osteoporosis and fractures.
- **Akhmedzhanov N.M. (Moscow).** The effect of lipid-lowering therapy on osteoporosis development.

# TUESDAY, 23 SEPTEMBER

## PRE-CONGRESS SESSIONS

### ● HALL

#### **SHOSTAKOVICH 2** “BATTLE OF ERUDITES” - FINAL COMPETITION ON KNOWLEDGE OF CLINICAL GUIDELINES AMONG YOUNG CARDIOLOGISTS

14.00–15.40

Moderators: Matskeplishvili S.T. (Moscow), Kontsevaya A.V. (Moscow)

The jury: Shalnova S.A. (Moscow), Drozdova L.Yu. (Moscow)

- **Teams:**
- 1. Diamond chariot (Saint-Peterburg)
- 2. Yugra (Khanty-Mansiysk)
- 3. The Samara cardiologists (Samara)

### ● HALL

#### **PROKOFIEV 1-2** SYMPOSIUM “TREATMENT OPTIMIZATION FOR PATIENTS WITH STABLE CORONARY ARTERY DISEASE” (SUPPORTED BY PIK-FARMA)

14.00–15.40

Chairpersons: Karpov Yu.A. (Moscow), Pozdnyakov Yu.M. (Moscow), Oganov R.G. (Moscow), Martsevich S.Yu. (Moscow)

- **Karpov Yu.A. (Moscow).** Stable angina: the optimal medical therapy.
- **Martsevich S.Yu. (Moscow).** Nicorandil: data of the recent clinical trials and their value for clinical practice.
- **Sizova Zh.M. (Moscow).** Nicorandil in correction of endothelium vasoregulating function in patients with coronary artery disease.
- **Mozheyko M.E. (Yaroslavl).** Choosing optimal therapy for a patient with coronary artery disease.

● **HALL BALNY 1-2**  
16.20–18.30

**EDUCATIONAL SESSION OF NATIONAL SOCIETY OF  
ATHEROTHROMBOSIS AND RUSSIAN SOCIETY OF CARDIOLOGY  
“PREVENTION AND TREATMENT OF THROMBOSIS – CURRENT  
VIEW ON THE OLD PROBLEM” (CONTINUATION)**

Chairpersons: Panchenko E.P. (Moscow), Yavelov I.S. (Moscow), Parfenov V.A. (Moscow)

- **Yavelov I.S. (Moscow).** A patient had acute coronary syndrome. Which antithrombotic agent does he need during the following year?
- **Panchenko E.P. (Moscow).** Venous thrombosis and pulmonary embolism. What is new in the treatment strategies?
- **Parfenov V.A. (Moscow).** Clinical case.
- Discussion.

● **HALL PUSHKIN**  
16.00–18.00

**SYMPOSIUM “UNRESOLVED ISSUES OF CEREBROPROTECTION  
IN PATIENTS WITH CARDIOVASCULAR DISEASES”**

Chairpersons: Galyavich A.S. (Kazan), Ostroumova O.D. (Moscow)

- **Galyavich A.S. (Kazan).** Statins in stroke prevention: are all issues resolved?
- **Khasanova D.R. (Kazan).** 2D syndrome as a risk factor of acute vascular events.
- **Podzolkov V.I. (Moscow).** Oral contraceptives: “young women killers”?
- **Kislyak O.A. (Moscow).** Stroke prevention in atrial fibrillation: is the best the enemy of the good?
- **Ostroumova O.D. (Moscow).** Antihypertensive therapy in stroke prevention: new and understudied risk factors and their correction.

16.00–18.00

#### SYMPOSIUM “MEDICAL TREATMENT OF TACHYARRHYTHMIAS” (SUPPORTED BY SANOFI)

Chairpersons: Golitsyn S.P. (Moscow), Shubik Yu.V. (Saint-Petersburg), Medvedev M.M. (Saint-Petersburg)

- **Shubik Yu.V. (Saint-Petersburg)**. Treatment of atrial fibrillation: a review of recent guidelines.
- **Medvedev M.M. (Saint-Petersburg)**. Urgent sinus rhythm restoration for supraventricular and ventricular tachyarrhythmias.
- **Golitsyn S.P. (Moscow)**. Sudden arrhythmia death and possibilities of its medical prevention.

### ● HALL DOSTOEVSKY

16.00–18.00

#### SYMPOSIUM “PREVENTION OF ATHEROSCLEROSIS: EFFECTIVE AND SAFE RISK MINIMIZATION”

Chairperson: Oganov R.G. (Moscow)

- **Oganov R.G. (Moscow)**. Correct dyslipidemia strategy: objectives and approaches, challenges and opportunities.
- **Nebieridze D.V. (Moscow), Akhmedzhanov N.M. (Moscow)**. EFFES: resources of dyslipidemia management based on the trial results.
- **Khokhlov R.A. (Moscow)**. Correction of dyslipidemia and cumulative cardiovascular risk in patients with mild hypertension.

## ● HALL

### LERMONTOV

16.00–18.00

#### «THE BEST RECIPES FROM THE LEADING EXPERTS» (SUPPORTED BY SERVIER)

Chairperson: Karpov Yu.A. (Moscow)

- **Karpov Yu.A. (Moscow)**. “Secrets of the French cuisine”: quality of BP control as the treatment efficacy indicator.
- **Ostroumova O.D. (Moscow)**. “The English Breakfast”: control of BP-variability as a criteria of effective AH agent.
- **Ageev F.T. (Moscow)**. “The extreme menu”: essential ingredients of BP-control under special conditions.
- **Ryazantsev S.V. (Saint-Petersburg)**. “The autumn menu»: everything starts from a common cold.

# THURSDAY, 25 SEPTEMBER

16.30–18.00

Balny 1

Plenary session.  
“Emergency cardiology”

Balny 2

Workshop session  
“Unresolved issues in cardiology: answers and solutions”

Pushkin

Symposium  
«From arterial hypertension to chronic heart failure: when do we need new oral anti-coagulants?» (supported by Bayer)

Tolstoy

Symposium  
«Life-threatening arrhythmias and sudden death risk in coronary artery disease and heart failure. How to help patients at extremely risk? (on national guidelines)»

Dostoevsky

Symposium  
“Interventional methods in clinical practice” (supported by Medtronic)

Lermontov

Session  
“Non-coronary myocardium diseases”

Chekhov	Tchaikovsky 1	Tchaikovsky 2	Shostakovich 1	Shostakovich 2	Prokofiev 1-2	Prokofiev 3
Sectional session “Cardiovascular risk factors: possibilities for prevention and treatment”	Symposium “Priorities in diagnosis, treatment and prevention of heart failure”	Symposium «What a doctor should do to be heard by a patient?» (supported by Phamstandard)	Symposium “Roadmaps for a cardiology clinic. Outpatient and inpatient cluster in the programme of hospital mortality reduction for patients with cardiovascular diseases” (supported by Pharm-standard)	Symposium “Obstructive sleep apnea syndrome in cardiology practice”	Symposium «Innovations in cardiovascular treatment» (supported by Novartis)	Symposium “Topical issues of psychocardiology”

# THURSDAY, 25 SEPTEMBER

## ● HALL BALNY 1

08.45–10.15

### PLENARY SESSION

#### “ARTERIAL HYPERTENSION AND METABOLIC SYNDROME”

Presidium: Karpov R.S. (Tomsk), Chesnikova A.I. (Rostov-on-Don)

- **Baranova E.I. (Saint-Petersburg).** Metabolic syndrome: yesterday, today, and tomorrow.
- **Nedogoda S.V. (Volgograd).** Unsolved problems of arterial hypertension management.
- **Arnaout M. (Lebanon).** Managing Hypertension in the Middle East. Implementation of international recommendations.
- **Lopatin Yu.M. (Volgograd).** Can antihypertensive therapy prevent the development of heart failure?

## ● HALL BALNY 2

08.45–10.15

### JOINT SYMPOSIUM WITH THE SOCIETY OF SPECIALISTS IN ACUTE CARDIAC CARE “ACUTE CARDIAC CARE-2014”

Chairperson: Ruda M.Ya. (Moscow)

- **Averkov O.V. (Moscow).** Myocardial infarction-2014.
- **Tereschenko S.N. (Moscow).** Acute decompensation of heart failure-2014.
- **Yavelov I.S. (Moscow).** Pulmonary embolism-2014.
- **Golitsyn S.P. (Moscow).** Antiarrhythmic therapy in patients with atrial fibrillation: expected benefit and possible risks.

## ● HALL PUSHKIN

08.45–10.15

### SYMPOSIUM «EFFICACY AND SAFETY OF ANTICOAGULANT THERAPY IN ATRIAL FIBRILLATION: LOOKING FOR A BALANCE» (SUPPORTED BY BRISTOL-MYERS SQUIBB – PFIZER ALLIANCE)

Chairpersons: Sulimov V.A. (Moscow), Galyavich A.S. (Kazan)

- **Novikova T.N. (Moscow).** Practical aspects of new oral anticoagulants in patients with non-valvular atrial fibrillation.
- **Galyavich A.S. (Kazan).** Atrial fibrillation: from disease mechanisms to prevention of thromboembolic complications.
- **Sulimov V.A. (Moscow).** Patient with atrial fibrillation: how to make a decision on anticoagulant treatment?
- **Napalkov D.A. (Moscow).** Anticoagulant therapy in atrial fibrillation: which factors provide long and safe treatment?

## ● HALL TOLSTOY

08.45–10.15

### SYMPOSIUM “INDICATORS OF GOOD CLINICAL PRACTICE: TREATMENT OF HIGH RISK PATIENTS” (SUPPORTED BY GEDEON RICHTER)

Chairperson: Glezer M.G. (Moscow)

- **Astashkin E.I. (Moscow).** Mechanisms of combined drugs.
- **Glezer M.G. (Moscow).** High risk components: how to break the vicious circle?
- **Davidovich I.M. (Khabarovsk).** Endothelial dysfunction as cardiovascular risk factor.
- **Fendrikova A.V. (Krasnodar).** New targets in the treatment of high risk patients.

THURSDAY, 25 SEPTEMBER

● HALL

DOSTOEVSKY

08.45–10.15

SCIENTIFIC SYMPOSIUM OF THE NATIONAL MEDICAL SOCIETY OF PREVENTIVE CARDIOLOGY “SECONDARY PREVENTION OF ATHEROSCLEROSIS IN EUROPE AND RUSSIA: NEW CHALLENGES AND SOLUTIONS”

Chairpersons: Pozdnyakov Yu.M. (Moscow), Pogosova N.V. (Moscow)

- **Pogosova N.V. (Moscow).** Secondary prevention of coronary artery disease: Russia versus Europe, 2013-2014 versus 2005-2006.
- **Poponina T.M., Sverbeeva M.G. (Tomsk).** What can a general practitioner do for prevention of cardiovascular diseases and their complications?
- **Osipova I.V. (Barnaul).** Recent approaches to cardiovascular prevention in individuals of stressful occupations.
- **Pozdnyakov Yu.M. (Moscow).** Regional project “Healthy Hearts in the Moscow Region”.

## ● HALL

### LERMONTOV

08.45–10.15

#### **SYMPOSIUM DEVOTED TO THE 10TH ANNIVERSARY OF RATIONAL PHARMACOTHERAPY IN CARDIOLOGY JOURNAL: ADVANCES IN CARDIOVASCULAR PREVENTION AND TREATMENT IN THE PAST DECADE.**

Chairpersons: Oganov R.G. (Moscow), Boitsov S.A. (Moscow)

- **Boitsov S.A. (Moscow).** Which strategy of noncommunicable disease prevention is more important now?
- **Martsevich S.Yu. (Moscow).** Pharmacotherapy in patients with high cardiovascular risk: clinical guidelines and clinical practice.
- **Doschitsyn V.L. (Moscow).** Disputable issues in pharmacotherapy of cardiac arrhythmias.
- **Gilyarevskiy S.R. (Moscow).** Orphan diseases in cardiology and nonprofit approaches to pharmacotherapy: the past decade experience.

## ● HALL CHEKHOV

08.45–10.15

#### **SYMPOSIUM «EARLY CHILDHOOD CARDIOMYOPATHIES»**

Chairpersons: Kotlukova N.P. (Moscow), Lyubomudrov V. (Kuwait)

- **Lyubomudrov V. (Kuwait).** Surgical correction of difficult congenital heart defects in infants.
- **Kotlukova N.P. (Moscow).** Current possibilities in diagnosis and treatment of Pompe disease.
- **Vasichkina E.S., Pervunina T.M., Nikitina I.L., Lebedev D.S. (Saint-Petersburg).** Cardiomyopathy in children. Diagnosis and choice of treatment strategy.
- **Leontieva I.V., Termosesov S.A., Makarova V.A. (Moscow).** Sudden death risk factors in children with hypertrophic cardiomyopathy.
- **Pervunina T.M., Fedotov P.A., Gordeev M.L., Moiseeva O.M., Sitnikova M.Yu., Nikitina I.L. (Saint-Petersburg).** Prospects of terminal chronic heart failure treatment in pediatrics.

# THURSDAY, 25 SEPTEMBER

## ● HALL

### TCHAIKOVSKY 1

08.45–10.15

#### SYMPOSIUM “CHRONIC OBSTRUCTIVE PULMONARY DISEASE AND CARDIOVASCULAR DISEASES: THE UNION FOREVER”

Chairpersons: Zadionchenko V.S. (Moscow), Adasheva T.V. (Moscow)

- **Zadionchenko V.S. (Moscow).** Chronic obstructive pulmonary disease and cardiovascular diseases: the evolution of the views.
- **Li V.V. (Moscow).** Metabolic disorders in chronic obstructive pulmonary disease patients: opportunities for phenotyping and pharmacotherapy.
- **Timofeeva N.Yu. (Moscow).** Chronic obstructive pulmonary disease and heart failure: clinical and pathogenetic crossing.

## ● HALL

### TCHAIKOVSKY 2

08.45–10.15

#### SYMPOSIUM “CONTROVERSIES IN CHRONIC HEART FAILURE TREATMENT”

Chairpersons: Chesnikova A.I. (Rostov-on-Don), Koziolova N.A. (Perm)

- **Tarlovskaya E.I. (Kirov).** Angiotensin converting enzyme inhibitors and aspirin: ways to solve the problem.
- **Chesnikova A.I. (Rostov-on-Don).** Diuretics in treatment of chronic heart failure: when, which, how much?
- **Koziolova N.A. (Perm).** Statins and chronic heart failure: following the guidelines or clinical experience?
- **Mareev V.Yu. (Moscow).** Are there any real opportunities to influence the prognosis in patients with heart failure and preserved systolic function?

## ● HALL

### SHOSTAKOVICH 1

08.45–10.15

#### SYMPOSIUM “POSSIBILITIES OF VOLUME SPHYGMOGRAPHY IN DETERMINING VASCULAR WALL STIFFNESS AS A MARKER OF PRECLINICAL AFFECTION OF THE MAJOR VESSELS”

Chairpersons: Rogoza A.N. (Moscow) Galyavich A.S. (Kazan)

- **Rogoza A.N. (Moscow).** “Normal” CAVI values for the Russian population.
- **Sorokin A.V., Kotani K., Bushueva O.Yu, Taniguchi N., Ovsyannikov A.G., Shestakov A.M. (Kursk – Russia, Tochigi – Japan).** Comparative analysis of CAVI and ABI in young people of the Russian and Japanese populations.
- **Gubaidullina K.D., Magamedkerimova F.A., Malkova M.I., Khalimov I.G., Khasanov N.R. (Kazan).** CAVI index in hypertensive patients with indications for surgical treatment of atherosclerotic lesions of arteries of the lower limbs.
- **Drobotya N.V., Guseinova E.Sh., Pirozhenko A.A., Kaltykova V.V. (Rostov-on-Don).** Relationship of vascular wall stiffness and relaxation properties of the left ventricle in patients with arterial hypertension.
- **Rogoza A.N., Vitsenya M.V. (Moscow).** Vasotens technology for screening programs.
- **Oleynikov V.E., Matrosova I.B., Sergatskaya N.V., Eliseeva I.V. (Penza).** Opportunities of assessment and medical correction of arterial stiffness in the practice of a cardiologist.

## ● HALL

### SHOSTAKOVICH 2

08.45–10.15

#### ECHOCARDIOGRAPHY EDUCATIONAL SESSION: VALVULAR DISEASE ASSESSMENT (CONTINUATION)

Chairpersons: Sedov V.P. (Moscow), Alekhin M.N. (Moscow)

- **Popescu B. (Romania).** Valvular heart disease: is cardiac catheterization obsolete?
- **Saidova M.A. (Moscow).** Echocardiographic assessment of prosthetic heart valves.
- **Matskeplishvili S.T. (Moscow).** The most frequent adult congenital heart diseases.

# THURSDAY, 25 SEPTEMBER

## ● HALL

### PROKOFIEV 1-2

08.45–10.15

#### **SYMPOSIUM “INDIVIDUAL APPROACH TO PATIENT MANAGEMENT: THE KEY TO SUCCESS” (SUPPORTED BY ZENTIVA)**

Chairperson: Karpov Yu.A. (Moscow)

- **Karpov Yu.A. (Moscow).** Improving the prognosis of patients with hypertension: an individual approach.
- **Poltavskaya M.G. (Moscow).** Protection of target organs in patients with hypertension: our possibilities.
- **Nedogoda S.V. (Volgograd).** Combination therapy: the best start for a patient at high risk.

## ● HALL

### PROKOFIEV 3

08.45–10.15

#### **SYMPOSIUM-DISCUSSION “PARADOXES IN CARDIOVASCULAR PREVENTION”**

Chairperson: Shalnova S.A. (Moscow)

Moderator: Chukaeva I.I. (Moscow).

- **Arutyunov G.P. (Moscow).** Red wine. Shall we give a prescription?
- **Perepech N.B. (Saint-Petersburg).** Dark chocolate and cardiovascular diseases.
- **Podzolkov V.I. (Moscow).** Do we eat to live long?

● **HALL BALNY 1**  
10.30–12.00

**PLENARY SESSION**

**ATRIAL FIBRILLATION**

Presidium: Lebedev D.S. (Saint-Petersburg), Lopatin Yu.M. (Volgograd)

- **Popov S.V. (Tomsk).** Drug-free strategies in atrial fibrillation.
- **Sulimov V.A. (Moscow).** Stroke and its prevention in patients with atrial fibrillation.
- **Le Heuzey J.-Y. (France).** Which oral anticoagulant for which AF patients?
- **Matskeplishvili S.T. (Moscow).** Modern antithrombotic therapy.

● **HALL BALNY 2**  
10.30–12.00

**SYMPOSIUM “INTERNATIONAL CARDIAC EXPEDITION: TO CONTINUE A NEW PATH ON THE ICE OF CARDIOVASCULAR DISEASES” (SUPPORTED BY KRKA)**

Chairpersons: Shlyakhto E.V. (Saint-Petersburg), Fras Z. (Slovenia)

- **Shlyakhto E.V. (Saint-Petersburg).** Cardiovascular disease: new routes on the expedition map.
- **Fras Z. (Slovenia).** Latest discoveries of the hypolipidemic expedition: new opportunities for a practitioner.
- **Drapkina O.M. (Moscow).** Preparations for the expedition as a ticket to success of survival on the ice: focus on primary prevention.
- **Mareev V.Yu. (Moscow).** Icebreaker expedition: how to conquer new horizons in cardiology.
- **Ageev F.T. (Moscow).** Winding route: how to achieve the goals of the expedition: save the heart and the mind.

# THURSDAY, 25 SEPTEMBER

## ● HALL PUSHKIN 10.30–12.00

### SYMPOSIUM “PATIENTS WITH ACS. CONTINUITY OF ANTIPLATELET THERAPY AT PRE-HOSPITAL, IN-HOSPITAL AND POST-HOSPITAL STAGES” (SUPPORTED BY ASTRAZENECA)

Chairperson: Ruda M.Ya. (Moscow)

- **Averkov O.V. (Moscow).** Justification for the early start of dual antiplatelet therapy?
- **Galyavich A.S. (Kazan).** Acute coronary syndrome. Duration of combined antiplatelet therapy.
- **Panchenko E.P. (Moscow).** How do we treat patients with ACS in clinical practice? Case report.

## ● HALL TOLSTOY 10.30–12.00

### SYMPOSIUM “ORGANOPROTECTION IN HYPERTENSION: MANY GOALS, ONE SOLUTION”

Chairperson: Mareev V.Yu. (Moscow), Arutyunov G.P. (Moscow)

- **Mareev V.Yu. (Moscow).** Prevention of cardiovascular and cerebrovascular events in patients with hypertension.
- **Manolis A. (Greece).** The combination of Enalaprilum and Nitrendipine in hypertensive patients.
- **Arutyunov G.P. (Moscow).** Nephroprotection as a compulsory element of hypertension therapy.

## ● HALL

### DOSTOEVSKY

10.30–12.00

#### SYMPOSIUM “STATUS OF COMORBIDITY IN CARDIOLOGY. MULTIDISCIPLINARY APPROACH TO THE PROBLEM “ (SUPPORTED BY BERLIN-HEMI/A.MENARINI)

Chairperson: Arutyunov G.P. (Moscow)

- **Arutyunov G.P. (Moscow).** Status of comorbidity in cardiology. Realities of modern medicine.
- **Tkacheva O.N. (Moscow).** Cardiovascular continuum: the road back and forth. Point of view of cardiologist.
- **Solovyeva E.Yu. (Moscow).** Topical issues therapy of cerebrovascular diseases by cardiological patients. Point of view of neurologist.

## ● HALL

### LERMONTOV

10.30–12.00

#### SESSION “FACTORS INFLUENCING THE EFFECTIVENESS OF THE CORONARY ARTERY DISEASE TREATMENT”

Chairpersons: Chumakova G.A. (Barnaul), Abdullaev A.A. (Makhachkala), Dovgalevskiy P.Ya. (Saratov)

- **Shlyk S.V., Khorolets E.V., Haisheva L.A. (Rostov-on-Don).** Indicators of the purine metabolism in patients with the acute myocardial infarction.
- **Travnikova E.O., Zagidullin N.Sh., Zagidullin Sh.Z., Zulkarneev R.H. (Ufa).** Modeling of the death risk calculation in patients with acute coronary syndrome.
- **Trubnikova O.A., Mamontova A.S., Tarasova I.V., Maleva O.V., Barbarash O.L. (Kemerovo).** Cognitive differences in patients within 1 year after coronary bypass surgery depending on the presence of type 2 diabetes mellitus.
- **Struk Yu.V., Uskov V.M. (Voronezh).** Complex anti-stress protection in cardiac surgery.
- **Mironchik V.V. (Minsk, Belarus).** Dynamics of myocardium ischemic injury in STEMI with or without «no-reflow» after PCI.
- **Kozlov S.G., Gabbasov Z.A., Byazrova S.V., Saburova O.S., Masenko V.P. (Moscow).** Level of soluble receptor for advanced glycation end products and galectin-3 in patients with restenosis after drug-eluting stent implantation.
- **Veselovskaya N.G. (Kemerovo), Chumakova G.A. (Kemerovo), Gritsenko O.V. (Kemerovo), Shenkova N.N. (Belokurikha).** A method to predict restenosis risk after coronary artery stenting in obese patients.
- **Teleuov D.A., Zholdin B.K., Makhambetov B.A., Boshanov Zh.B. (Aktobe, Kazakhstan).** Selection of the best stenting method for coronary artery bifurcation lesions.

- **Taraseeva Ya.V., Gazaryan L.G., Makarova F.M., Evstratova S.G., Grigoriyan K.S., Alidzhanova H.G., Golikov A.P. (Moscow).** Early and long-term results of reinfarction reperfusion treatment.

**HALL CHEKHOV**  
10.30–12.00

**SESSION “CHRONIC HEART FAILURE: DIFFERENT MASKS OF THE SAME DISEASE”**

Chairpersons: Sitnikova M.Yu. (Saint-Petersburg),  
Lyamina N.P. (Saratov)

- **Grinevich V.B., Salikova S.P., Vlasov A.A., Zatulivetrov A.S., Khalyutin D.A. (Saint-Petersburg).** Intestinal microbial tissue system and endotoxemia in the experimental heart failure.
- **Sharipova R.M., Kasimova G.M., Shoyusupova M.U., Mirtalipova T.D. (Tashkent, Uzbekistan).** The impact of humoral inflammatory factors on heart parameters in chronic heart failure.
- **Liskova Yu.V. (Moscow), Salikova S.P. (Saint-Petersburg).** Gender differences in the left ventricular myocardium extracellular matrix reorganization in the experimental heart failure induced by enalaprilum injection.
- **Ageeva K.A., Abrosimov V.N. (Ryazan).** The capnography during a 6-minute walk test in the chronic heart failure patients.
- **Arkipova E.N., Basargina E.N., Zharova O.P., Silnova I.V. (Moscow).** The NT-proBNP level in children with non-compact myocardium syndrome.
- **Ushakov A.V., Stilidi M.I., Gagarina A.A., Zhumykina T.A., Betina V.I., Gafarova N.H. (Simferopol).** Antiendotoxin immunity state and hormonal activity of adipose tissue in patients with heart failure and metabolic syndrome.
- **Slezova V.I. (Rostov-on-Don).** Heart remodeling in patients with chronic heart failure and atrial fibrillation.

# THURSDAY, 25 SEPTEMBER

## ● HALL

### TCHAIKOVSKY 1

10.30–12.00

#### **SYMPOSIUM “TREATMENT OF CARDIOVASCULAR DISEASES FROM THE STANDPOINT OF CURRENT GUIDELINES” (SUPPORT BY CANONPHARMA PRODUCTION)**

Chairpersons: Nebieridze D.V. (Moscow), Bubnova M.G. (Moscow)

- **Nebieridze D.V. (Moscow).** Sartans in clinical practice: does practicing physician know everything?
- **Sizova Zh.M. (Moscow).** Possibilities of antianginal therapy optimization in patients with stable angina.
- **Bubnova M.G. (Moscow).** ACE inhibitors: yesterday, today and tomorrow.

## ● HALL

### TCHAIKOVSKY 2

10.30–12.00

#### **SYMPOSIUM “REPERFUSION THERAPY IN STEMI” (SUPPORTED BY SUPRAGEN)**

Chairpersons: Markov V.A. (Tomsk), Markin S.S. (Moscow).

- **Markov V.A. (Tomsk).** Pharmacoinvasive reperfusion in STEMI.
- **Vyshlov E.V. (Tomsk).** Prehospital thrombolysis in STEMI patients.
- **Khripun A.V. (Rostov-on-Don).** Registry of patients with acute coronary syndrome in the Rostov region.
- **Teplitskaya V.V. (Nizhny Novgorod).** Reperfusion therapy in STEMI patients in the Nizhny Novgorod region.

## HALL

### SHOSTAKOVICH 1

10.30–12.00

#### ROUND TABLE “CURRENT APPROACH TO TREATMENT OF CORONARY ARTERY DISEASE WITH LESIONS IN THE LEFT MAIN CORONARY ARTERY.”

Moderators: Bokeria L.A. (Moscow), Golukhova E.Z. (Moscow), Abugov S.A. (Moscow).

Discussors: Shneider Yu.A. (Kaliningrad), Prototopov A.V. (Krasnoyarsk), Shpector A.V. (Moscow).

- **Barbarash O.L. (Kemerovo)**. Cardiologist’s point of view.
- **Sukhanov S.G. (Perm)**. Cardiosurgeon’s point of view.
- **Alekyan B.G. (Moscow)**. Endovascular surgeon’s point of view.
- Discussion

## HALL

### SHOSTAKOVICH 2

10.30–12.00

#### SYMPOSIUM “MODERN MASKS OF MYOCARDITIS” – 1

Chairpersons: Paleev F.N. (Moscow), Blagova O.V. (Moscow)

- **Mitrofanova L.B. (Saint-Petersburg)**. Results of 345 endomyocardial biopsies performed in 2012 - 2013.
- **Runov A.L. (Saint-Petersburg)**. Selecting reference genes in myocardium biopsies and peripheral blood cells for transcriptomic studies in patients with myocarditis.
- **Nedostup A.V., Blagova O.V. (Moscow)**. Infarction-like myocarditis at the start of generalized sarcoidosis: problems of differential diagnosis.
- **Khashevskaya D.A. (Saint-Petersburg)**. Risk factors of poor prognosis in patients with lymphocytic myocarditis: the role of autoimmunity.

## HALL

### PROKOFIEV 1-2

10.30–12.00

#### SYMPOSIUM “DYSLIPIDEMIA IN CORONARY ARTERY DISEASE: DECREASE IN CHOLESTEROL OR SURVIVAL IMPROVEMENT?” (SUPPORTED BY PFIZER)

Chairpersons: Karpov Yu.A. (Moscow), Waters D. (USA)

Chairman: Karpov Yu.A. (Moscow)

- **Karpov Yu.A. (Moscow)**. Prognosis improvement through cholesterol control. Can we expect additional advantages from tight control?
- **Waters D. (USA)**. Let’s build our own cholesterol guidelines.

## ● HALL

### PROKOFIEV 3

10.30–12.00

#### SYMPOSIUM “GENETIC RESEARCH IN CARDIOLOGY”

Chairpersons: Nikulina S.Yu. (Krasnoyarsk), Barbarash O.L. (Kemerovo), Zateyshchikov D.A. (Moscow)

- **Nikulina S.Yu. (Krasnoyarsk).** Genetic screening in patients with cardiac rhythm and conductivity disorders: prospects of primary prevention.
- **Chernova A.A. (Krasnoyarsk), Nikulina S.Yu. (Krasnoyarsk), Shulman V.A. (Krasnoyarsk), Zaitsev N.V. (Krasnoyarsk), Maksimov V.N. (Novosibirsk).** Genetic “riscometr” for cardiac rhythm and conductivity primary disorders.
- **Aksyutina N.V. (Krasnoyarsk), Nikulina S.Yu. (Krasnoyarsk), Shulman V.A. (Krasnoyarsk), Poplavskaya E.E. (Krasnoyarsk), Maksimov V.N. (Novosibirsk).** Genetic predictors of atrial fibrillation.
- **Tretyakova S.S. (Krasnoyarsk), Nikulina S.Yu. (Krasnoyarsk), Maksimov V. N.(Novosibirsk), Chernova A.A. (Krasnoyarsk), Marilovtseva O.V. (Krasnoyarsk).** Genetic predictor of LBBB.
- **Barbarash O.L., Gorbunova E.V. (Kemerovo).** A genetic approach to the efficacy and safety improvement of anticoagulant therapy in patients with prosthetic heart valves.
- **Malashicheva A.B. (Saint-Petersburg).** Genetic factors in development of aorta and aortic valve disorders.
- **Pchelina S.N., Nikolaev M.A., Usenko T.S., Bazhenova E.A., Neimark A.E., He Ch., Berkovich O.A., Baranova E.I. (Saint-Petersburg).** PPAR $\gamma$ , TNF $\alpha$ /MOMENTIN1 gene expression in intra-abdominal fat tissue.

## ● HALL BALNY 1

12.15–13.45

### PLENARY SESSION

#### ORGANIZATION OF MEDICAL CARE IN CARDIOLOGY

Presidium: Pietilä M. (Finland), Boitsov S.A. (Moscow)

- **Pietilä M. (Finland).** Implementing guidelines into practice.
- **Berkinbaev S.F. (Kazakhstan).** The current state of cardiology medical care in the Republic of Kazakhstan.
- **Graham I. (Ireland).** Life and fate – are current prevention guidelines relevant to the Russian Federation?
- **Boitsov S.A. (Moscow).** Who and what should do in cardiovascular prevention.

# MUSEUMS OF KAZAN

## KAZAN KREMLIN

Kazan Kremlin is a unique complex of archaeological, historical and architectural monuments functioning from the city's foundation to the present day.

In 2000, the Kazan Kremlin was included in the UNESCO World Cultural and Natural Heritage. The complex objects are included in the State Historical and Architectural Museum-Reserve "Kazan Kremlin".

In 2005, to the date of the celebration of the Millennium of Kazan, Kul Sharif Mosque was built in Kazan Kremlin; it became the largest mosque in Russia. The Cathedral of the Annunciation - a monument of history and architecture of the XVI century - was opened after restoration.

The Kremlin has the architectural symbol of the city - Suyumbike Tower, one of the few "falling" towers in the world.
