DEAR COLLEAGUES!

On behalf of the Organizing Committee we invite you to take part in the VI Global Educational Forum “Russian Cardiovascular Days” to be held on **April 19–21, 2018 in Saint-Petersburg.**

Interactive scientific programme of the Forum includes clinical case discussions, lectures, symposia and master classes based on the latest European guidelines. Russian and European opinion leaders will discuss the hot topics and answer the most burning questions of the audience.

Within the Forum different aspects of CAD, infectious endocarditis, arrhythmia, cardiovascular prevention and heart failure will be covered. A special focus will be on the European guidelines on atrial fibrillation, peripheral artery disease, dual anticoagulant therapy and STEMI as well as imaging in cardiology and implantation of medical devices.

We believe the programme will be interesting for a wide range of specialists and students.

See you in Saint-Petersburg!
