

Meeting schedule

(—) Invited Speech

Host: Professor Yunlong Bai, Professor Tao Ban

inauguration. (Host: Yunlong Bai)

8:30-8:35	Speech by the President of the Conference	Professor Chaoqian Xu Vice President of Harbin Medical University Director of the International Cooperation Joint Laboratory of Cardiovascular Drug Research, Ministry of Education
8:35-8:40	Speech by the organizer	Professor Yong Zhang Dean of the School of Pharmacy, Harbin Medical University Chairman of the Youth Committee of the Cardiovascular Pharmacology Professional Committee of the Chinese Pharmacological Society

section 1 (Host:Yunlong Bai, Tao Ban)

Time	Reporter	Title
8:40-9:00		
9:00-9:20	Lihua Sun Professor Harbin Medical University	LncRNA CCRR Attenuates Post-Myocardial Infarction Inflammatory Response by Inhibiting the TLR Signaling Pathway
9:20-9:40	Goma Tatyana V Associate Professor Irkutsk State Medical University	Experience with the use of alirocumab as part of lipid-lowering therapy in patients with multifocal atherosclerosis
9:40-10:00	Rizida Sharafutdinova Ulyanovsk State University lecturer	Evaluation of Enzymatic Components Involved in Oxidative Stress in Cardiovascular Pathology Among Metabolic Syndrome Patients Undergoing Antiplatelet Therapy.
10:00-10:20	Meeting halftime	10:00-10:20

section 2 (Host :Hailong Xie, Haihai Liang)

10:20-10:40	Ankudinov Andrey Sergeevich. associate Professor Irkutsk State Medical University	Chronic heart failure and rheumatoid arthritis: the effect of anti-inflammatory therapy on the course of cardiovascular disease
-------------	--	---

**International Cooperation Collaborative Laboratory (Education Ministry of China)
4th International Cross Forum on Cardiovascular Drug Research and Development
7th Academic Medical Forum of the Youth Alliance of the Association of Sino-Russian Medical Universities**

10:00-10:20	Natalya Ob'edkova associate Professor Kursk State Medical University	The new paradigm concerning control and effectiveness of hypolipidemic therapy
10:40-11:00	Yundi Wang University of British Columbia	Characterization of mefenamic acid's effect on the delayed cardiac rectifier potassium current (I _{ks})
11:20-11:40	Ouyang Guo Biocytogen Boston Corp	Anti-tumor CAR T-cell Therapies in the Cardiovascular System: What We Know, What We Don't Know, and Looking to the Future

(二) Youth Scholar Forum

Host : Professor Lihua Sun, Professor Weijie Du

section 3 (host : Professor Lihua Sun)

13:30-13:40	Kantari Jasmine Elmostafovna Irkutsk State Medical University	Learning of the relationship between Exacerbation of cardiovascular Pathology and meteorological factors
13:40-13:50	Xinlu Gao Harbin Medical University	Cyclin L1 Plays a Regulatory Role in Cardiomyocyte Proliferation and Heart Repair in Mice
13:50-14:00	Stanislav V. Khlyamov Kursk State Medical University	Effectiveness Of Non-Fixed Combinations Of Antihypertensive Therapy In The Correction Of Bevacizumab-Induced Arterial Hypertension In Wistar Rats
14:00-14:10	Han WU Harbin Medical University	The m6A reader YTHDF1 promotes cardiac fibrosis by enhancing AXL translation
14:10-14:20	Podvigina Viktoria Sergeevna N.N. Burdenko Moscow Medical Academy	Overview of antiplatelet drugs, effects of a new innovative antithrombotic drug
14:20-14:30	Fengnan Zhi Harbin Medical University	Systematically characterize the protective mechanism of aspirin on non-alcoholic fatty liver disease
14:30-14:50	Meeting halftime	

section 4 (Host : Professor Weijie Du)

14:50-15:00	Zhihui Niu Harbin Medical University	NAP1L1 promotes cardiac fibrosis by inhibiting YAP1 ubiquitination and degradation
15:00-15:10	Gavrilov Egor Sergeevich Far Eastern State Medical University	Microcirculation and ABPM parameters in patients with hypertension who stopped smoking.
15:10-15:20		

International Cooperation Collaborative Laboratory (Education Ministry of China)
4th International Cross Forum on Cardiovascular Drug Research and Development
7th Academic Medical Forum of the Youth Alliance of the Association of Sino-Russian Medical Universities

15:20-15:30	Seleznyov Vadim Vyacheslavovich Voronezh State Medical University named after N.N. Burdenko	Intravenous ethanol injection at the prehospital therapy of pulmonary edema
15:40-15:50	Dongping Liu Harbin Medical University	Long non-coding RNA LHX1-DT regulates cardiomyocyte differentiation through H2A.Z-mediated LHX1 transcriptional activation
15:50-16:00	Kristina Besikovna Kakhian N.N. Burdenko Moscow Medical Academy i	Protatranes are effective biostimulants for the growth of biopesticides and pharmaceutically important bacteria <i>Bacillus thuringiensis</i> spp
16:00-16:10	Bingxin Du Harbin Medical University	Role of BCL2L13 in regulating cardiomyocytes mitophagy in heart failure
16:10-16:20	Qin Yang Harbin Medical University	The role and mechanism of STK39 in regulating pressure overload induced cardiac hypertrophy
16:20-16:30	Closing ceremony (Host: Yunlong Bai)	

Note: The starting time for the sub venue is 8:30 am on December 19, 2023.

Participants are requested to enter the venue 15 minutes in advance to prepare.
